The Summer Evening's Pond Side Agenda:

- **Now is the Time...Pond Vegetation Management!**

  John Hixson—Extension Agent for the Union County Office of OSU Extension, will help you ID your pond plant problems and recommend solutions— plus any and all of the other pond management questions or safety concerns one may have. ***Bring along samples of any troublesome pond weeds, along with your favorite lawn chair, and join us for a casual evening of pond management tips.***

- **Your Pond's Wildlife Community.**

  John Rockenbaugh—Wildlife Specialist for the Union Soil & Water Conservation District, will offer some basic pond habitat management techniques and discuss any pond-related wildlife questions or concerns that one may have.
