*Dog Projects: Members are invited to enroll in a dog project within any club. Pawsitive Pals focuses ONLY on dogs, and invites other members enrolled in a 4-H Dog project to attend practices with them, regardless of club membership.										
** Shooting Sports: Participants may be members in nearly any club in the county and participate in the Shooting Sports project. However, range activities must be with a Certified Shoothing Sports Instructor at designated ranges and times. Members must attend a MANDATORY Shooting Sports Safety Meeting in April. Range times avaiable upon request at the OSU Extension Office (937)644-8117.
