6. The same article or products cannot be exhibited for more than one year except in livestock exhibits.
7. Any exhibitor who removes their project exhibit before the official release time for that project will be ineligible to exhibit any project at the Union County Fair the following year (penalty 2) unless they receive prior written permission (official release). Only Senior Fair Board and/or the fair veterinarian may issue written official release for early release. Check the fair schedule for the official release time for each department/project.

Market animals who have not submitted an online DUNF will not be permitted to remain on the grounds. The link will be emailed immediately prior to the fair.
14. Exhibitors participating in the Union County Fair should be aware that this exhibition is governed by the Ohio Livestock Show Reform Act and its companion administrative rules regulate your actions when raising and exhibiting livestock. If you fail to follow these laws, you and your family may be responsible. Ignorance of the law is no defense. These laws include but are not limited to: Ohio Revised Code Sections 901.70, 901.71, 901.72, 901.73, 901.74, 901.75, 901.76, 901.99, and 2925.94. The Union County Fair follows both mandatory and optional rules of the Ohio Livestock Tampering laws. These rules will be made available to any livestock exhibitor or adult advisor upon request. Some of these rules include, but are not limited to:
 - Drenching of livestock is prohibited except when diagnosed by a veterinarian for a medical condition.
 - An exhibitor may not use a prescription of Extra label drug in an exhibition unless prescribed by a veterinarian and the withdrawal has expired. Penalty 1.
 - You may not inject or administer internally or externally any product or material whether gas, solid or liquid to livestock for the purpose of concealing, enhancing, transforming, or changing the true, conformation, configuration, condition, or age of the livestock or making the livestock appear more sound than it actually is (901.76 C). Penalty 2.
 - You may not apply any electrical, mechanical or other appliances repeatedly for a prolonged time period (901-19-13 A). Penalty 3.
 - Should fraud or deception, and proof as determined by the agricultural society, be discovered after the animal or animals have been shown and prior to the sale, such animal(s) will be disqualified and shall not be permitted to sell.
 - Should violation be discovered after the sale, all sale money shall be returned to the Livestock Committee less the market value of the animal and the animal and/or carcass shall become the property of the Livestock Committee, to dispose of as they see fit. The market value will be returned to the buyer if the violation proves to be valid. The sale value will be returned to the exhibitor if the violation later is not confirmed. All placings in show will stand. No animals will move up. Any carcass suspected of being tampered with or suspected of containing drugs will be detained until the investigation is complete. Additional

penalties may apply depending upon the violation. If the carcass is condemned at the packing plant for any reason, it shall be grounds for disqualification in the on-foot and carcass division of the show. Additionally, all premiums and sale money shall be forfeited and the loss of the animal be incurred by the exhibitor.

- Livestock Rule Violations: In the question of a rule violation the following due process will be used: The exhibitor and/or parties involved will be questioned by fair officials. If it is felt a violation has occurred fair officials will make recommendations to the designated committee of the agricultural society which is appointed to that particular department. After committee hears the allegations and/or evidence, they will decide if the case should be brought before the full Board of Directors.
- In the decision of allegations being brought before the Board, all parties involved will be notified of a meeting date with all parties having the right to present their view and/or evidence. Upon hearing the case, the Fair Board will make a ruling.
- When satisfactory evidence has been obtained by the Fair Board that any of the livestock rules have been violated, the animal, exhibitor and/or exhibitor's family may be barred from showing the current and/or future agricultural fairs. In case any premium shall have been awarded to animals shown in violation of this rule, the Fair Board will require the exhibitor to refund all premiums, trophies, awards, ribbons and sale money under each violation. Unless fraud and/or deception are involved, all championship placings stand.
- Possible minimum penalties may include:
 - i. Penalty 1 – Disqualification of the animal and/or exhibitor for the remainder of the current fair and sale.
 - ii. Penalty 2 – Disqualify the exhibitor for the remainder of the current fair and sale and from the following year's fair and sale.

 - iv. Penalty 4 – Disqualify the family (as stated above) for a period of 2 or 3 years.
- **Testing for Drugs:** The Union County Fair shall have the right to require places 1 through 5 in each class of animals, or any other suspect animal, to be subject to examinations or tests as prescribed by the Sr. Fair Board to determine if a substance has been administered to the animal to change the conformation or temperament of the animal.

16. A market animal is considered entered in the Union County Jr. Fair once animal is identified (tag-in or tattooed), an online entry is submitted, and officially weighed in. Once weighed, the animal must remain on the grounds as an exhibited project regardless of weight status (light/heavy) unless it receives an official release. See Livestock Sale Rule # 8 for reweighing rules.
17. Breeding livestock do not need to be registered; animals must be high-grade purebred individuals, showing predominant breed characteristics of breed class in which entered (except where specified by a specific department). No bull classes will be exhibited in Jr. Fair.
18. Horses and Dairy Cattle projects may be leased.
19. Each exhibitor of livestock must furnish his own feed and care for own animals or make arrangements for same at the fair. Any exhibitor failing to properly care for and feed his/her livestock will receive a written warning from the fair veterinarian or barn superintendent. 23. All Junior Fair Livestock Exhibits must meet the inspection and health requirements of livestock exhibited in Ohio. (See Fair Paper)
24. All pens/stalls must be cleaned once the animals are released and before the Jr. Fair Livestock sale. If the animals are going through the sale, pens/stalls must be cleaned by noon on Sunday.
25. A curfew hour each day will be observed. All activity in the barns and other Jr. Fair areas is to cease. Lights are to be turned out as much as possible.
26. A judge may excuse an exhibitor and their animal from the ring if the animal is unruly

and endangers the exhibitor or other exhibitors during the show. If excused, the project will sell last.

27. All livestock present on the fairgrounds must be entered in a market class OR breeding class, but not both. Under no circumstances will an animal be allowed to show in a breeding and market class. All animals present on the fairgrounds must be properly entered and shown in Jr. Fair Classes. Exhibitors stalling animals which are not shown will not be allowed to show the following year (Penalty 2).
28. A premier exhibitor will be selected in each market species. The premier exhibitor will be a combination of skillathon placing, showmanship placing, and market class placing. Ties will be broken with a tie breaker.
29. An exhibitor who has lost their animal after tag-in, or whose animal has been medically disqualified, may borrow an animal which is already entered in Jr. Fair for participation in Showmanship and Skillathon. This exhibitor is eligible for showmanship and skillathon awards.
30. Within any given species an exhibitor may only win one champion and/or reserve champion award. Once an exhibitor has won, all other animals shown by that exhibitor must be pulled from further competition. Exhibitors are eligible to win champion/reserve champion awards in more than one species, but only one specie will be eligible to sell. Note: Market Beef and Dairy Feeders are the same species.
31. Only livestock grooming products that are legal for use during show will be permitted during the Livestock Sale.
32. No unauthorized scales are permitted on the fairgrounds.
33. If a member misses livestock tag-in or fails to submit their Animal Identification Hog Tag Registration or Scrapie Tag Registration form, they must contact the Junior Fair Committee within one week of the deadline. A one-time per family special arrangement will be made for a fee of \$50.00 (fifty dollars) for tagging or for a late submission. No repeat offenders will be permitted to show.

Skillathons

Skillathons will be conducted in the following area: Beef, Sheep, Swine, Poultry, Rabbits, Goats, Horses and Dairy.

1. Exhibitors must complete the skillathon in their department in order to receive premium(s) for projects(s) exhibited in that department. Exhibitors are eligible to receive a premium per project (not per animal) in which they were enrolled by March 1. Please create a Skillathon entry for each species being exhibited when completing online entries.
2. All exhibitors must complete the skillathon at the time scheduled in the fair paper. No alternative times are possible. Any exhibitor arriving more than one half hour late to the start of a skillathon may not be permitted to participate.

3. An individual must be an exhibitor (entered and shown) in a department at the Union County Jr. Fair to be eligible to participate in a skillathon (except in Horses), or rule #29 above.
4. The procedures for each skillathon will be announced to all participants at the orientation immediately prior to each skillathon. Any exhibitor who violates the procedures described can be removed from participation. The skillathon committee will make all decisions regarding procedures.
5. Awards for each skillathon department will be announced annually. Generally, Outstanding Awards will be given to exhibitors who score above a predetermined level of achievement. Placing awards may also be given in some departments.
6. Most skillathon awards will be presented at the Jr. Fair Awards Program at the end of the fair. Some departments may set other times for award presentations.
7. Exhibitors may receive their own score sheet back at the close of the fair week. Exhibitors are responsible for picking up their own score sheet at the time announced. Study guides are available on the website for each skillathon to help exhibitors prepare for their participation in these events. It is the exhibitor's responsibility to obtain a study guide and project record book to prepare for participation in skillathon. Study guides and record books are available on the OSU Extension Union County web site: union.osu.edu.

2023 Union County Horse Program Rules

2. The Union County Horse Program uses the Union County Uniform Rules along with the Ohio State University Extension "Uniform Rules for 4-H Horse Shows". The County Rules supersede all State Rules when specifically addressed in the County Uniform Rules; all other State Rules will be followed as found in the State Uniform Rules. Both are available at the OSU Extension Office in Marysville. The Union County 4-H Horse Council carries accident insurance through American Income Life. Insurance covers each 4-H member in good standing while they are participating in 4-H activities throughout the year.
3. Stall assignments at the Union County Fair will be left to the discretion of the 4-H Horse Council. All horses must be in place on either Friday, July 21 OR on Saturday, July 22 with horses in place before 8:00 am.
4. Members are responsible for cleaning their horses stall(s). The checking of aisles and stalls at the fair will be left up to the advisors of their club.
5. One \$30 completed check (refundable) per stall is to be turned in to the Union County Horse Council prior to the July meeting (first Monday of the month). Cash will not be accepted. Checks ONLY. Stall assignments will be made prior to move in day and each club's organizational advisor will be notified. Stalls should be cleaned by youth member and inspected by a Point Secretary, Union County Horse Council Officer, or designated person the same day the horse leaves the Fairgrounds. Your check will be returned when your stall inspection has been completed. Donation of checks to the Facilities Fund does not negate the members' responsibility for cleaning his/her stall.
6. Although vaccinations are not being required, it is **STRONGLY RECOMMENDED** that your horse's vaccinations are up to date prior to the show season. Discuss with your veterinarian or consult the American Association of Equine Practitioners (AAEP) website for Core vaccination and At-risk vaccination recommendations. (<https://aaep.org>)

All horses are required to have a signed Body Condition Statement by a licensed veterinarian on file with their Project Identification Card. All horses must be in an acceptable body condition score of > or = 4/9. **Horses not meeting this requirement will not be permitted to exhibit at the fair.** Horse body condition scoring will be provided on the Union County Fair website. You can also find this information on the Union County 4-H web page: www.union.osu.edu.

Note: The Union County Fair board will have a vet check completed on each horse upon arrival at the fairgrounds on Saturday. The 4-H member, advisor, and a UCHC member must be present during the vet check. It is highly recommended that a parent be present when their child's animal is checked. If the horse has a body condition score below a four (4), the member will be required to immediately remove the project animal from the fairgrounds and

take it home.

7. To receive a fair premium, an exhibitor must complete the Skillathon before the fair and exhibit his/her project(s) the week of the fair, from the required entry time until the required release time. Exhibitors may receive a maximum of four (4) premiums, one for each project book interview. Refer to Horse Skillathon for more information.
8. Anyone removing horses from the fairgrounds before dismissal time (for any reason) without prior permission from the Union County Horse Council President or Vice President will be ineligible to show the following year in any project area. The Union County Horse Council President or Vice-President must be notified in writing as to the reason for the early dismissal. The only exception is a veterinary certificate pursuant to the Senior Fair Board policy.
9. Tack and bits will be submitted to inspection before each class. Refer to current State, Uniform Rule for 4-H Horse Shows.
10. Parents are responsible for members wearing a properly fitted, approved safety helmet, when riding or driving, with the chin strap securely fastened. Helmets will ALWAYS be worn by anyone 19 years of age or younger when riding or driving during the entire length of the fair. This includes during all practice and open arena times as well as the Jr. Fair Horse Show, Versatility Contests, Fun Show, Musical Fantasia, and the Open Horse Show. It is the responsibility of the rider, or parent or guardian of the youth participant, to make sure that the headgear worn complies with appropriate safety standards for the protective headgear intended for equestrian use, is properly fitted, and is in good condition. The Ohio 4-H Horse Program, Show Committees, Officials, Judges, Extension Personnel and Volunteer Leaders may, at his/her discretion, check a participant's protective headgear. If the youth is found to be wearing unapproved, defective, or improperly fitted headgear, he/she will not be permitted to participate in riding or driving activities until proper headgear is acquired. (Please see the STATE Uniform Rules for 4-H Horse Shows for the entire rule.)
